## Summary

Creative 3D Artist and Concept Artist skilled in 3D modeling, game art, animation, and digital illustration. Experienced in lyrical animations, storyboarding, and visual content creation for brands and music artists, with the ability to deliver high quality work in both stylized and realistic art styles.

## Education

### Mahatma Gandhi University

BA Animation & Graphic design | 2022 –2025

5th Rank Holder from Mahatma Gandhi University.  
Strong foundation in 3D art, animation, lighting, Visual-storytelling and 2D concept art

### Asian Institute of Design (AID)

May 2025 – July 2026

Focused on 3D game art, character & environment modeling, texturing, lighting, Skilled in highpoly Lowpoly modeling & optimization workflows across industry-standard tools.

## Experience

### Egllu Studio | 3D Animation Intern

April 2024 – May 2025

I worked on 3D animation projects, focusing on quality, consistency, and visual storytelling. I created 3D props and 2D animations for client projects, strengthening my animation skills and attention to detail in a fast-paced studio environment.

### Naked Lifestyle Brand | Fashion Graphic Designer

May 2025 – Present

I'm currently working with this clothing brand, creating aesthetic apparel designs and vibrant trend-focused T-shirt visuals using AI tools and mockups. I've also designed their branding materials, including logos, visiting cards, brochures, and posters.

### 2D Animator & Lyric Video Designer | Freelancer

June 2025 – Present

As a freelance designer, I collaborate with indie-pop artist Aromal Chekaver to create lyrical animation videos, lyric visuals, cover art, thumbnails, and 2D illustrations for music projects and other clients.

## Skills
